

Access 2.3

The original accessible sailboat and most popular of the Access range has proved that sailing really is for everyone.

Now sailed in over 15 countries and with numbers growing steadily around the world, the Access 2.3 has been designated an International Class by ISAF (International Sailing Federation).

The Access 2.3 is available in single seat and wide seat (two person) models, both with the same innovative design features that make sailing safe, easy and fun. And there is a range of options that bring the sport and recreation of sailing within reach of anyone.

Easy to Sail

- Simple to use joystick steering
- Forward facing sling seats for comfort
- Responsive and manoeuvrable
- Easy to assemble and launch

Safe & Stable

- Weighted centerboard for stability
- Low centre of gravity seat position
- Roller furling to reduce sail area in stronger winds

Options

- Servo electric controlled steering and sail setting
- Keel lifters
- Shore shuttle
- Boat and sail covers

The Access 2.3 is the ideal boat for anyone who is looking for safe simple fun on the water – regardless of ability. Accessible sailing programs, yacht clubs and sailing schools have all found the 2.3 is a perfect boat to introduce new participants to the fun of sailing.
